## 1. **INTRODUCTION**

This document details the various policies and terms of reference as agreed by the Swanage Railway Trust (SRT) Council of Management (CoM). An initial set of policies were formally agreed by the CoM following the conclusion of a Policy Review Committee in early 1994. Subsequent to this all policies are reviewed by the CoM at their first meeting after each Annual General Meeting (AGM) and as required during the intervening months.

### **1.1 Scope**

The scope of this document is limited to a) policies that affect the management and running of the SRT and b) benefits and facilities that are applicable to members of the Trust.

### **1.2 Out of Scope**

This document covers only the scope specified in Section 1.1 above. Without limiting the foregoing, the following items are specifically outside the scope of work:

- Requirements that are determined by statute, e.g. the Charities Acts and Companies Acts.
- Aims, objectives and other regulations that are already detailed in the SRT's Memorandum and Articles of Association.
- Detailed rules and regulations that apply to the operation of the Swanage Railway. These are the responsibility of the Swanage Railway Company Board. Examples include health & safety, paid staff welfare\benefits and train operations.

## **2. POLICIES OF THE SWANAGE RAILWAY TRUST**

### **2.1 General Statement**

The fundamental aims of The Swanage Railway Trust (SRT) are:

- 2.1.1 to restore the rail link between Swanage and Wareham so as to bring the Isle of Purbeck into rail contact with the rest of the country.
- 2.1.2 to preserve and restore for the public benefit items of historical, architectural, engineering or scientific value in connection with railways.
- 2.1.3 to advance the education of the public in the history and development of railway transportation.
- 2.1.4 to study, compile records on and acquire, restore, preserve and maintain railway lines, locomotives, rolling stock and other items of railway interest, and to provide training and instruction in such activities and in particular but without prejudice to the generality of the foregoing those associated with the Isle of Purbeck, the former London and South Western Railway, other Railways which were in existence in Southern England during and before the year of nineteen hundred and twenty-three, the Southern Railway, and the Southern Region of British Railways, and to enter into such agreements and to take all such steps as may be necessary for these purposes, and to organise, sponsor and support displays and such other shows and events for the provision and stimulation of information, education and interest in such vehicles and other items of railway interest.

Full details of all SRT objectives are to be found in the Memorandum and Articles of Association dated 18<sup>th</sup> February 2001.

### **2.2 Council of Management administration policies**

In addition to the procedures and powers of the Council of Management detailed in sections 37 to 48 of the Articles of Association of the Trust, the following shall apply:

- 2.2.1 The Council of Management shall elect a Chairman, Deputy Chairman, Secretary and Treasurer annually at the first Council meeting after the AGM. Assistants may be appointed by the Trust Council as and when required.
- 2.2.2 A Council of Management member may at any time resign his office by giving written notice to the Secretary of the Council.
- 2.2.3 Voting shall normally be by a show of hands. However, the Chairman shall, if a majority of Council members present decide such on a show of hands, direct that a secret ballot occur. All Council of Management members shall be bound by majority decisions.
- 2.2.4 A Council of Management meeting shall be held at least every six weeks with additional meetings being called as required.
- 2.2.5 The Council of Management shall appoint sub-committees and functional groups as it deems appropriate and shall set their terms of reference.
- 2.2.6 Any SRT member may submit a resolution or agenda item for inclusion at a meeting of the Council Management providing notice is given in writing to the Secretary of the Council not later than ten days before the meeting of the Council at which the item is intended to be considered.
- 2.2.7 A Council of Management member who has a pecuniary interest in any matter shall forthwith disclose that interest but may remain, speak and vote at the discretion of the meeting.
- 2.2.8 Until further notice the SRT's joint prime objective will be to refurbish its heritage rolling stock and to fund the completion of the extension to the Network Rail boundary.

- 2.2.9 A paid employee of the SRT or SRCL shall not be eligible for election, appointment or co-option to the SRT Council or SRCL Board.
- 2.2.10 These policies are subject to addition, change, deletion or suspension by: a majority decision by the Council of Management at any of its meetings or a majority decision by the membership at any AGM or EGM.
- 2.2.11 These policies shall, as a matter of course, be reviewed annually at the first Council meeting following all SRT AGMs.
- 2.2.12 All printed matter intended for issue to the Trust membership or the general public shall be printed approved by the Council of Management or, at least one of its officers, prior to being printed.
- 2.2.13 Any committee or group operating in the name of the Swanage Railway Trust must be approved by the Council of Management and shall comply with terms of reference approved by the Council of Management. Compliance with financial procedures set by the Treasurer must also take place.
- 2.2.14 The following unpaid positions will be appointed by the CoM as required: Membership Secretary, Returning Officer (see Appendix II), Volunteer Liaison Officer, Official Photographer/Press Officer, Youth Protection Officers and Sygnet Leaders. The latter two positions will also maintain a reporting line to the General Manager/SRC Board.
- 2.2.15 All sanctioned capital budgets will expire at the end of each calendar year and be reviewed by the CoM.

### **2.3 Policies relating to the Swanage Railway Company and operational matters**

2.3.1 Charity legislation prohibits the SRT from trading outside the precise terms of its Declaration of Trust/Memorandum of Association. Since 1988 all the issued voting shares in the Swanage Railway Company Ltd. (SRCL) have been held by the Trust. Therefore the SRCL is a subsidiary of the SRT with the SRCL:

- holding the Light Railway Order and operating the Swanage Railway
- undertaking a wider range of trading activities to generate additional income for the SRT

The use of a trading subsidiary also protects those SRT assets used by the SRCL.

No formal agreement exists between the SRT and SRCL with regard to the disposal of profits from SRCL activities. It is recognised that the SRCL is a separate legal entity from the SRT with its directors subject to the terms of the Companies Act and therefore the SRT Council of Management do not wish to issue strict directives on how profits should be distributed. Notwithstanding this, it should be remembered that the SRT is responsible for the development of the Railway and to this end has provided volunteer members of staff and made significant capital expenditure. The Council of Management therefore requires that, when viable, the SRCL should covenant an agreed percentage of its profits to the SRT.

The relationship with Swanage Railway Company Ltd will be based on the following principles.

- 2.3.2 The SRT has a controlling interest in the SRCL via its shareholding but the two bodies must at all times remain clearly distinguishable from each other in areas such as financial structure, public identity and governance.
- 2.3.3 The SRT Council of Management must not involve itself in the day to day management and decision making of the SRCL (thus avoiding becoming ‘Shadow Directors’), but the SRT Council of Management are required by charity legislation to routinely satisfy itself of:
  - the continuing financial viability of the SRCL
  - its effectiveness in making profits for the benefit of the SRT
  - its adherence to Trust policies

2.3.4 In accordance with Charity Commission guidance, the review of SRCL financial performance should cover the SRCL:

- business plan
- cash flow forecasts
- profit projections
- risk analysis
- and other available information

The SRT Council of Management also monitors the SRCL through the attendance of non-participating observers at SRCL Board meetings.

2.3.5 SRT Council of Management meetings formally record the review of the SRCL through the following business items:

- reviewing the SRCL Finance Directors report.
- receiving copies of written reports from the SRCL General Manager.
- receiving a verbal report of the business conducted at the most recent SRCL Board meeting.
- asking those Trust Directors on the SRCL Board about any matters arising from the verbal report.
- providing an opinion to the SRCL Board on any policy questions which the SRCL Board has referred to the SRT.

2.3.6 The Charity Commission require the SRT directors to exercise the rights of the SRT as shareholders in the SRCL to promote the SRT's interests. The directors of the SRCL are responsible for its management, but other major decisions are for the SRT directors, as representatives of the SRT. For example, the SRT directors are responsible for:

- the appointment or removal of the directors of the SRCL
- the directors' terms of service, including any remuneration
- the continuation, or dissolution, of the SRCL

2.3.7 The SRT policy regarding appointment of directors of the SRCL is:

- The Chairman for the time being of the Swanage Railway Trust shall be appointed as a Director of the Swanage Railway Company but not necessarily as its Chairman, who shall be appointed by the Company Directors in accordance with its Mem and Arts.
- the SRT will nominate sufficient other directors from its own Board so as to retain a majority (including making reasonable provision for any absence) of the voting members on the SRCL Board
- to require the SRCL to appoint a minority of other directors with relevant skills and expertise to provide an unconflicted opinion.
- to require the SRCL to seek the prior approval of the SRT Council of Management for the co-option of any additional directors

2.3.8 The SRCL Directors must ensure that they and the SRCL operate at all times in accordance with Charity and Companies Act legislation whilst:

- managing the SRCL in the interests of and in conformity with the policies of the SRT
- returning a profit from the SRCL to the SRT
- providing sufficient information to enable the SRT Council of Management to review the performance of the SRCL.

- 2.3.9 The full SRT Council of Management remain responsible for the performance and monitoring of the SRCL. The Charity Commission stipulate that the appointment of a subset of SRT Directors to the SRCL Board does not relieve the other SRT Directors of this responsibility.
- 2.3.10 SRCL Directors who are not Directors of the SRT have a reciprocal invitation to attend SRT Council of Management meetings as non-participating observers.
- 2.3.11 In addition the following general directives will be adhered to by the SRCL:
- Priority should be given to the hire of ex LSWR, Southern Railway and BR Southern Region locomotives.
  - Steam shall be the primary traction on the Swanage Railway.
  - Alterations to normal fares and time-tables must always be notified in writing to the public on station platforms.
- 2.3.12 If the SRCL launches a share issue (e.g. as a public limited company) the SRT (or its successor) shall maintain a controlling interest in the Company.
- 2.3.13 All locomotives, coaches and wagons that are located on the Swanage Railway shall be subject to a running agreement with the SRCL.
- 2.3.14 Rolling stock livery policy:
- In recognition of its unique character, the general ambience of the Swanage Railway shall be to portray the branch as near as possible to that of the 1950s and early 1960s, i.e. prior to the corporate blue/blue & grey design regime applied post 1965. The purpose is to present a unified cohesive and authentic appearance to the public and, by conveying a convincing period recreation, add to the educational and heritage value of the visitor experience.
  - The line's buildings, structures and equipment shall as far as possible exhibit the liveries and decorative styles of the 1950s/early 1960s period.
  - All passenger coaches in general service except Pullman cars shall be painted British Railways Southern Region style green, with lettering in appropriate style, size and position on the vehicle. Pullman Cars shall be painted, and carry insignia, in the style consistent with the 1950s/early 60s period.
  - In the case of the non-passenger vehicles, vans and wagons shall exhibit the liveries carried by them in the 1950s/early 60s period, but vehicles dating prior to 1948 may, by exception, exhibit authentic liveries carried earlier in their history (e.g. LSWR).
  - Locomotives and rolling stock dating from a later period (i.e. post 1965), which have an operational or historic association with the line and which are 'resident' on the Railway, should exhibit the livery most closely associated with their period of operation on the branch, e.g. blue liveried push-pull fitted Class 33 diesels and blue or blue & grey TC sets. However, diesel locomotives dating from the 1950s should carry the livery appropriate to them prior to the 1965 livery changes.
  - Locomotives and rolling stock visiting for events such as galas or charters are exempt from the requirements of this policy.
  - Any proposed exceptions to this policy as to 'resident' locomotives and rolling stock shall be referred to the Assets Group for recommendation to the CoM, which shall take note of any special circumstances which may lead to an exemption being granted.
- 2.3.15 Shareholders of locomotives shall have access to the footplate whenever practicable, subject to the rules of the Swanage Railway Company Ltd. and provided that Railway Inspectorate/Health and Safety legislation is not compromised.

2.3.16 Additional rolling stock may only be delivered to the Railway by in accordance with the rolling stock approval policy as detailed in Appendix IX.

## **2.4 Environmental policies (see also Appendix IV)**

2.4.1 During re-construction of the railway line all necessary works will be carried out in such a way as to cause the minimum damage to local wildlife, flora and fauna. Consistent with the operational requirements of the Railway, wildlife will be encouraged.

2.4.2 As far as is practicable, all civil engineering structures shall reflect Southern practice of the 1950s as applied to the LSWR origin of the Southern Railway.

2.4.3 Swanage and Corfe Castle stations shall be maintained in the same architectural design and décor as existed in the 1950s.

## **2.5 ..... Membership policies**

2.5.1 Members of the SRT shall be permitted access to all the Railway's installations and be able to volunteer for work on the Railway provided that they comply with SRT and SRCL rules and that Railway Inspectorate and Health and Safety legislation is in no way compromised. Additionally, preference will be given to volunteers in the rostering of all operational duties.

2.5.2 Alterations to Members' privileges must be agreed by the Council of Management in advance and advertised. There shall be no retrospective alteration of rights for Members.

2.5.3 No Member who has joined within three months of an Annual or Extraordinary General Meeting shall be entitled to vote at that AGM or EGM.

2.5.4 All staff on the Railway (paid or volunteer) should be members of The Swanage Railway Trust.

2.5.5 Unless unavoidable, master membership department records shall be located on Railway premises with backups being held at an off-site location.

2.5.6 No Member shall be co-opted as an officer of the Council of Management or appointed as a SRCL director unless they have a proven record of at least six months voluntary service to the Railway.

2.5.7 No membership record or records shall be disclosed or released to any person (SRT Member or otherwise) without the express written permission of the Council of Management.

2.5.8 Any paid position shall be advertised to at least the membership of the Swanage Railway Trust prior to any appointment being made.

2.5.9 If the number of nominations received for a Council of Management election is below or equal to the number of vacancies arising then all nominees shall be declared duly elected to the Council of Management provided that a) they have been correctly nominated and seconded by two Trust members entitled to vote at a General Meeting and b) that they are legally eligible to be a trustee and company director - exceptions being listed in Article 55 or the Trust's Articles of Association.

2.5.10 Further to Article 40 of the Trust's Articles Of Association, Trust Members who are interested in being elected to the Council of Management will be invited, via a notice in the Spring edition of 'Swanage Railway Magazine', to apply for a nomination pack from the Trust Secretary. This will contain a summary of the structure of the Swanage Railway, details of the legal responsibilities of a charity trustee and company director and a nomination form.

2.5.11 The principal form of written communication with Swanage Railway Trust Members will be 'Swanage Railway Magazine'. The Magazine will be published at least three times a year at dates to be agreed by the Council of Management and forwarded to all paid up Trust members. The Editor of 'Swanage Railway Magazine' will be appointed by the Council and will be granted editorial independence in respect of the content of the Magazine, in accordance with the overall policies of the Trust. Interim mailings will also be supplied – where possible electronically.

- 2.5.12 The Swanage Railway Trust's official internet website shall be located at **www.swanagerailwaytrust.org.uk**. An additional official website shall be hosted at **www.swanagerailway.co.uk** which will be used primarily for disseminating details of Swanage Railway Company commercial and operational activities. All other websites dealing with Swanage Railway business shall be regarded as unofficial and without sanction from either the SRT Council of Management or SRC Board of Directors.
- 2.5.13 A nomination pack will be sent by the Secretary to Trust Members that express an interest in selection election to the CoM. The pack will contain copies of the following documents: a summary of the roles and responsibilities of The Swanage Railway Trust and Swanage Railway Company, the Memorandum and Articles of Association of The Swanage Railway Trust, the Trust's up-to-date policies document, the Strategic Plan, the duties and responsibilities of a company director, the duties and responsibilities of a charity trustee, CoM procedures and a nomination form. All nominees will be asked to supply a passport sized photograph of them and agree to its publication on the SRT website. Successful candidates will be provided with appropriate induction training.
- 2.5.14 All Trust Members will be bound by the disciplinary and grievance procedures as issued by the Swanage Railway Company.
- 2.5.15 All Trust Members will be bound by the health and safety policies and procedures as issued by the Swanage Railway Company. This will include a requirement to undertake a risk assessment prior to the start of SRT lead events.
- 2.5.16 The SRT has a volunteer Sygnets group comprising young persons aged between 11 and 16 years of age overseen by approved leaders in accordance with the SRC Youth Protection Policy and reporting to the SRC General Manager. To support this the SRT has endorsed the SRC appointment of Youth Protection Officers of both sexes together with other specifically nominated members of staff to operate in areas involving these and other young persons involved in Railway business. These persons all being appropriately selected, including necessary vetting as laid down by primary legislation and/or HRA guidance
- 2.5.17 SRC employees (fitting the criteria laid down by GM/Co Sec) and qualifying Sygnets group members (as endorsed by group leader) will receive complimentary annual membership to the SRT for the duration of their employment or membership of said group, unless they already subscribe to Trust membership in their own right. The Membership Department will take responsibility for maintaining up to date records and distribution of relevant materials using, where possible, the Railway's internal postal system.
- 2.5.18 Unless otherwise formally agreed in writing beforehand with the relevant authority of the Swanage Railway Trust or Company, ownership of any work carried out on behalf of the Swanage Railway by a Trust member or any person doing work on behalf of the Trust shall remain vested in the Trust or Company in perpetuity. This policy shall extend to the copyright and intellectual property rights of written material.
- 2.5.19 All Trust members who contribute a minimum of 25 years voluntary service on the Swanage Railway will be entitled to be awarded with a Long Service Certificate. This will normally be presented by the Trust Chairman at the following SRT AGM.

## **2.6..... Finance policies**

- 2.6.1 The auditors of the SRT and its subsidiary company (i.e. the SRCL) accounts shall be the same.
- 2.6.2 An exhibition coach or suitable alternative shall be permanently placed at a suitable location on the Railway for the public to visit and the opportunity taken to collect donations from the public.
- 2.6.3 All SRT projects will be funded with equity and/or interest free borrowings.
- 2.6.4 On train fundraising initiatives are only permitted during special events and are not allowed on routine passenger services.
- 2.6.5 All projects must receive prior approval from the SRCL Board and/or SRT CoM in accordance with the guidelines contained in Appendix X.

## **2.7..... Museum and Archive policies (see also Appendix III)**

- 2.7.1 As soon as possible a permanent museum shall be provided and maintained at Swanage and Corfe Castle stations.
- 2.7.2 Whenever books, magazines, paraphernalia, etc are donated to the Trust they shall always be passed to the Museum Group at Corfe Castle station. The Group will be responsible for fully reviewing all donations in order that any items which may be regarded as being of particular historical or instructional interest may be added to the Museum or Library collection. Any items which do not fit this criteria shall be sold with the proceeds being credited to the SRT general fund.

## **2.8..... External policies**

- 2.8.1 The SRT will work closely and actively with other interested organisations in re-establishing regular passenger train services between Swanage and Wareham, mindful of the need to protect the SRCL's core business.
- 2.8.2 All talks and presentations to external organisations and the public shall be arranged by or through the Publicity Unit.

## **APPENDIX I - Policies Relating To The Preservation And Development Of Corfe Castle Station.**

Statement of objective:

*To re-create as far as possible the atmosphere of Corfe Castle railway station as a Victorian branch line station as it existed in the 1950's.*

Policies as approved by the SRT Council of Management on 28th September 1996:

1. All station buildings shall be restored and maintained to the same architectural design and decor as existed in the 1950s.
2. The Goods Shed shall be used as a public museum in accordance with the Trust's stated objectives.
3. The GUV vehicle shall be stabled on the siding adjacent to the goods shed in order to form an annex to the museum and house items deemed too delicate for exhibition within the Goods Shed.
4. The cattle dock shall be fully reinstated and form part of the museum.
5. Car parking will be strictly controlled in the area of the museum and cattle dock.
6. Only operational rolling stock shall be stabled in the sidings and platforms.
7. The concrete platform lamp posts and station name-board holders shall be retained.
8. Subject to the relocation of the coal merchant, former sidings within the area of land currently leased by the Swanage Railway Company shall be reinstated.
9. Negotiations shall be held with the local Councils to discuss the preservation of the wooden coal merchant buildings (formerly a corn store).
10. No works shall be carried out on the site which might compromise the 'Listed Building' status of the station buildings, or the 'Conservation Area' of the whole of the station and yard. To this end, all works proposed for the site must first be formally approved by the Council of Management or its nominee, before work is commenced.

*Version III*

*1<sup>st</sup> November 2008*

## **APPENDIX II - Duties and Responsibilities of the Swanage Railway Trust Returning Officer**

1. The Returning Officer will be a member of The Swanage Railway Trust and shall be appointed by the Swanage Railway Trust Council of Management (CoM) annually at the first Council meeting after the AGM. His\her prime responsibility will be to conduct an annual secret postal ballot of all eligible Swanage Railway Trust members, in order that the members may vote for vacancies on the CoM, prompted by the required retirement of existing CoM members at the end of their two-year term.
2. To assist the Returning Officer in the discharge of his\her duties, the services of the Secretary and the Membership Secretary of the Trust will be made available.
3. The Trust Secretary will be responsible for:
  - Issuing due notice of the date of the Annual General Meeting (AGM) to all Trust members, inviting nominations for election to the CoM, and publishing the requirements and time deadlines for nominations.
  - Issuing blank nomination forms on request within the nomination period – to include the provisions for the identity of proposers and seconders.
4. The Membership Secretary will be responsible for liaising with the Trust's printers and distributors to ensure the following:
  - Provision of a full and up-to-date list of all eligible Trust members and their postal addresses.
  - That all material for the secure printing of ballot papers, election addresses and AGM papers are received by the printers in time to ensure that the printing and despatch of these items takes place within the deadline laid down in the Trust's Articles of Association.
5. The Returning Officer will be solely responsible for receiving completed nomination forms, election addresses and portrait photographs within the stated nomination period. He will check that that they have been properly completed and that all the necessary formalities have been completed within the laid down timeframe. Photographs may be submitted in electronic or hard copy format and must be included with the election addresses. The Returning Officer will then provide the Membership Secretary with the list of all candidates, proposers and seconders in order to allow for verification that they are paid up members of the Trust.
6. Once the nominations have been verified the Returning Officer will forward the list of candidates, elections addresses and accompanying photos to the Trust Secretary who will arrange printing with the Membership Secretary.
7. All ballot forms will be embossed with the Trust's seal, electronic watermark or similar by the authorised printers. Each eligible Trust member may vote for as many candidates as he or she wishes, as long as the total number of votes cast does not exceed the number of vacancies.
8. The Membership Secretary will provide the Returning Officer with a list of Trust members and confirmation of the number of ballots being despatched to each address.
9. The Returning Officer shall be the sole key-holder of the ballot box used for the ballot. The ballot box will be securely sited in the Trust's registered office – Station House, Swanage.
10. Any enquiries from Trust members relating to non-receipt of ballot forms shall be dealt with by the Returning Officer who will liaise with the Membership Department as required.

11. Two members of the Trust (not being existing CoM members, employees of the Swanage Railway Trust or Company, candidates for election, or proposers or seconders of those candidates), will be appointed by the Returning Officer as independent Election Observers.
12. Returned ballot papers will be counted and validated by the Returning Officer and checked by the two Election Observers at the opening, scrutiny and counting of the ballot papers, which will be conducted following the closure of the ballot 48 hours prior to the Annual General Meeting at a venue determined by the Returning Officer.
13. The announcement of the identity of the two Election Observers will be made at the Annual General Meeting by the Returning Officer, prior to the declaration of the results. The Chairman will seek verbal confirmation from both Election Observers that the electoral procedures have been properly followed, and that they are content as to the accuracy of the results. As soon as the necessary confirmations have been given, the results will be declared to the AGM by the Returning Officer. In the event of an Election Observer being unable to attend the AGM they shall submit a signed letter in the same terms to be opened by the Chairman immediately prior to the declaration of the result.
14. In the interests of democracy and secrecy, no discussions will be entered into by the Returning Officer or the two Election Observers as between them and the membership generally, or as between them and the CoM.
15. The Returning Officer will notify all candidates of the results of a CoM election after the Annual General Meeting - normally via e-mail.
16. The Returning Officer will ensure the destruction of all completed voting papers six months after the election has been formally concluded.
17. The Returning Officer shall be solely responsible for collecting any unused ballot forms from the Trust's printers.
18. The Returning Officer will normally liaise with the Trust Secretary regarding any disputes, requests for help or other concerns relating to the election process. Where the Trust Secretary is an election candidate then the Returning Officer will liaise with another specified member of the Council of Management who is not seeking election.

*June 2011*

### **APPENDIX III - SRT Curator and Archivist Terms Of Reference**

1. The position of SRT Curator/Archivist will be a volunteer one. He or she will be appointed by the SRT Council of Management and will report directly to the Council.
2. All exhibits displayed in the Museum and items held in the Trust's Library will be relevant to Clause A of the SRT's Memorandum of Association 18<sup>th</sup> February 2001.
3. The Library shall be known as the 'Montague-Jones Library'.
4. The Museum shall be known as the 'Purbeck Railway Museum'.
5. The Curator/Archivist will be responsible for maintaining an inventory of all items in the care of the Museum or Library.
6. The Curator/Archivist will be responsible for cataloguing all items held by the Museum or Library. The catalogue will include a description of the item, its ownership, origin, function and background. This should be cross referenced to the inventory.
7. The Curator/Archivist will be responsible for ensuring that any loans or donations to or from the Museum or Library are subject to a written agreement. This will include the owner or donor's signature, length and terms of loan (if relevant) and any other conditions under which the item(s) may be loaned and/or exhibited, including details of any anticipated restoration, repair and maintenance. In the case of a donor, information must include an acknowledgement of the right of the SRT to dispose of the item in a way the Trust's Council of Management sees fit.
8. The Museum will be open to the general public at times agreed by the SRT Council of Management.
9. The Library will be kept locked when unoccupied.
10. The Library shall be made available to all Members of the SRT. Members should whenever possible give prior notice to the Curator of their wish to use the facility. Members using the Library must sign their names in the provided register.
11. It will be the Curator/Archivist's responsibility to exhibit items as he/she sees fit. In the event of any dispute the Council of Management shall arbitrate and their decision shall be binding and final.

*Version 1*

*26th October 1996*

## **APPENDIX IV - Swanage Railway Environmental Policy**

The Swanage Railway Company seeks to minimise any adverse impact on the environment of Purbeck and to be on good terms with its neighbours. The Company is mindful that steam locomotives, which are a fundamental feature of the Company's operation, have a noticeable impact on the environment to an extent that is occasionally unavoidable. The Company therefore strives to ensure that any such impacts are kept to an absolute minimum by adherence to the aims laid down in this statement. Being subject to extensive statutory environmental regulation, the Company intends at some future date to develop both Environmental and Health & Safety Management Systems to confirm its intent across all related matters of concern, effecting the wider community of Purbeck, railway staff, supporters and passengers alike.

The Swanage Railway Company shall:-

1. Endeavour to minimise smoke emissions through the use of improved solid and liquid fossil fuels, consistent with efficient and safe locomotive use, whilst taking advantage of improvements in combustion technology that will result in a net reduction in their overall environmental impact. Such improvements shall be within the resources available to and not prejudicial to the operational viability and general interests of the Railway.
2. Minimise smoke and spark emissions to BS2742M through the application of its Rules and Regulations and the Clean Air Act 1993, consistent with effective management, monitoring and training of loco crews, alongside the fitting and proper use of appropriate spark arrest equipment.
3. Endeavour to minimise smoke and noise emissions by the avoidance of initial locomotive lighting up and starting east of a point beneath Northbrook Road Bridge, Swanage.
4. Ensure that the use of steam locomotive whistles and horns are kept to an absolute minimum, in recognisance of Health & Safety legislation and the requirements of the Railway Inspectorate.
5. Take reasonable steps to prevent the escape of heat, noise and dust, to an extent that is practicable and with due regard to local planning and environmental legislation, in relation to those designated artefacts, areas or buildings of architectural heritage that are the responsibility of the Railway.
6. Endeavour to adopt and maintain a policy of "reduce, reuse & recycle" throughout its operation. Dispose of any waste materials or assets in a responsible manner with due regard to the "Duty of Care" for disposal of wastes in those areas of activity not covered by exemption or membership of a registered charity.
7. Develop and protect suitable lineside habitats and environments, including the native flora & fauna found therein, complimentary to lineside management required for the safe and effective operation of the railway and the prevention of fires.
8. Enhance the visual impact of the railway through high standards of maintenance and repair of the infrastructure, through sympathetic design and repair of existing or new structures built to protect and store items of rolling stock or motive power.
9. Take whatever action may be reasonably required to minimise all pollution and environmental impacts, consistent with the resources available to it and without prejudice to the right to operate and conduct its business in accordance with the published mission statement.

10. Seek to maintain a constructive relationship and dialogue with all Local Authorities, agencies, groups, or individuals with a common interest in the environment, in order that the Railway may honour its desire to develop and maintain an effective environmental policy.
11. This policy issued from the Board of the Swanage Railway is one of continuous improvement and will be subject to periodic review as and when found necessary by the Board and its duly elected members.

*Swanage Railway Company Ltd.*

*Version 2.0*

*October 2004.*

## **APPENDIX V - Agreement Between Swanage Railway Trust And Swanage Railway Company Ltd.**

### **Agreement**

This agreement is made between The Southern Steam Trust and/or the Swanage Railway Trust Limited (either/or 'the Trust') and the Swanage Railway Company Ltd (the Company) to document financial arrangements relating to trading and use of assets and facilities. The protocol shall be subject to amendment from time to time as circumstances require.

#### **Background**

1. The Company and the Trust are separate legal entities and are maintained as such to meet the requirements of Charity legislation that limits the ability of the Trust to trade. Except where charity legislation specifically permits, all trading activity shall be undertaken by the Company.
2. Any profit made by the Company is either reinvested in the Company, retained as reserves or paid through covenant to the Trust. For the avoidance of any doubt, the Company does not propose to distribute a dividend.
3. The Company shall use the assets of the Trust in return for an annual consideration equivalent to the previous financial year's depreciation charge incurred by the Trust on their assets. The Trust shall be charged by the Company for all costs incurred with significant repairs and renewals of these assets. The apportionment of costs shall be agreed between the Trust and the Company in advance of being incurred.
4. The Company shall have the right to make use of the Trust's Herston Works facility and other leased or owned property and to permit use by third parties as required by its business needs provided that such use does not convey any right of occupation or otherwise contradict any provision of the Trust's leases which shall prevail in the event of any such contradiction.
5. In consideration for its use of Herston Works and the payment by the Trust of an utility costs, rent and rates, the Company shall pay the Trust the sum of £2,000 (two thousand pounds) per month plus VAT (if applicable) or such other sum as the parties shall agree in writing and shall undertake day to day management of the facility on behalf of the Trust. Payments for use of other leased or owned property shall be agreed as and when required.
6. The Company and the Trust shall invoice for goods and services as incurred on an 'arms length basis'. Payment shall be made within 30 days following the issue of a proper invoice.
7. The Company and the Trust shall minimise external borrowing costs by lending to the other from time to time as required and as balances shall permit. Interest shall be charged at a commercial rate between base and the external rate as agreed between the Finance Director of the Company and the Treasurer of the Trust. Borrowings shall be repaid on demand. But the rate of interest will never be less than 1% above the Barclays Bank plc Base rate from time to time prevailing.
8. The Trust may use the services of the Accounts Department staff of the Railway Company Ltd to assist in the maintenance of proper books of account. The Trust may be asked to contribute to the direct costs of such

assistance. The Trust will adopt such financial procedures as may be recommended by the Board of Directors of the Company and accepted by the Council of Management of the Trust, this is in order to assist in compliance with companies law.

**Trading Agreement Version 4**

**1<sup>st</sup> November 2008**

(Note: original signed copy dated August 2001 held in Accounts Office, Swanage station).

## **APPENDIX VI - Purbeck Mineral & Mining Museum Group (PMMMG) Terms Of Reference**

### **Objectives:**

The PMMMG is a sub group of the Swanage Railway Trust. The group's remit is to create a museum associated with Ball clay mining in Dorset and other significant resources extracted in Purbeck, which were intimately connected with the growth and history of the Swanage Railway. These revised Terms of Reference were accepted and adopted by the Swanage Railway Council of Management on the 25th November 2006.

The main aims of the group are as follows:

- To enhance the visitor experience when visiting the Swanage Railway
- The creation of a permanent clay-mining museum and visitor centre.
- The relocation of an existing mine building to the Norden Park & Ride site
- The building of a narrow gauge demonstration track
- To permanently secure the future of *Secundus* in Dorset
- To repatriate relevant artefacts back to Dorset
- To manage and develop the land at Norden North and South
- To restore and enable the skew arch bridge to be used for a narrow gauge railway

These aims will be achieved through the following activities

### **Activities:**

- Production of a scoping document to detail: aims and objectives, site survey, project feasibility, potential exhibits and artefacts, planning requirements, funding opportunities, group organisation and accountability.
- Ongoing liaison and consultation with statutory authorities and local organisations.
- Secure and relocate Imerys Norden No 7 Mine building to land behind Norden Station – this building will double up as a museum below.
- The creation of a heritage/nature trail around the Norden site.
- Production of educational information boards for visitors.
- Construction of a narrow gauge demonstration line from “The old engine Shed” to behind Norden Station, with a future extension across “Skew Arch” bridge.
- Manage and develop the ex clay works land at Norden North and South for the use of the PMMMG (purchased by PMMMG member donations)
- Record and catalogue all known artefacts from the clay railways of Purbeck.
- Generation of income – Initially through visitor donations, personal pledges (enhanced by gift-aid) – towards the management and upkeep of the Norden facility
- Capital funding via partnership financing, educational, EU and heritage grant applications.

The group will organise itself and be accountable in the following ways

### **Organisation and Accountability:**

- The group will work under the auspices and legal framework of the Swanage Railway Trust, a registered charity

- The P MMMG will keep the SRT Council of Management informed and briefed on a regular basis.
- The group committee will be appointed from fully paid up supporters of the P MMMG. The Group Committee will appoint its own officers.
- The group committee is accountable, through its chairman, to the Council of Management of Swanage Railway Trust for the quality of its activities.
- The group committee will agree an overall program of activities, coordinate and liaise with statutory and local bodies and implement actions.
- If a sub committee is formed it will be chaired by a member of the main committee and will report to the group committee.
- All income will be banked into a nominated group account, all expenditure will be channelled through the Finance department of Swanage Railway Trust subject to agreement by its Treasurer.
- Anyone working for, or on behalf of the P MMMG must fully comply with Swanage Railway Company Health and Safety policy.
- All working volunteers must sign on and off in the registers provided.
- The P MMMG will operate an annual voluntary donation scheme, this will entitle all group supporters to receive regular newsletters and updates.

### **Meetings:**

- The group committee will hold meetings when required.
- Minutes will be taken at every group committee meeting and forwarded to each committee member by email or post.
- A quorum exists when more than 50% of the committee are present.
- Regular on-site meetings will be held at the Norden Museum site, which any paid-up supporter of P MMMG may attend.

*Version III*

*1<sup>st</sup> November 2008*

*Original version adopted by SRT Council of Management, November 2006*

## **APPENDIX VII - Swanage Railway Equal Opportunities Policy**

1. The Swanage Railway Trust (the Trust) and its wholly owned subsidiary, the Swanage Railway Company (the Company), seek to ensure that all existing members, volunteers and paid employees are given equal opportunities in all aspects of their activities.
2. Both the Trust and Company are committed to the elimination of unlawful or unfair discrimination on the grounds of sex, age, marital status, colour, race, nationality or other ethnic or national origin, disability, sexual orientation or religious background.
3. The Company seeks to ensure that no applicant for employment is disadvantaged by conditions or requirements which cannot be justified.
4. In keeping with the commitment to the promotion of equal opportunities the Trust and Company keep under review its policies, procedures, documentation and practices to ensure that all members, volunteers and employees are treated equally.
5. This policy statement applies to all members, volunteers and employees of the Trust and Company working for the Swanage Railway in whatever capacity and will be made known to all new members and job applicants.

Issue 1 - Adopted by SRT Council of Management on 26<sup>th</sup> April 2003

## **APPENDIX VIII – Functional Group Terms Of Reference**

The CoM has established five functional groups to consider specific areas of importance and responsibility and report back to the CoM on a regular basis. The five groups are: *Fundraising, Members & Volunteers, Asset Management, Communication and Museums & Education*. Membership of these will consist primarily, but not exclusively, of CoM members. The groups will, in normal circumstances, be expected to meet at least three times each year.

### **1. Fundraising**

- a) To develop and implement plans and proposals for the generation of income to the Trust through the exploitation of programmes and contacts with external commercial organisations.
- b) To develop and implement plans and proposals for the generation of income to the Trust through direct contact with members and the general public and the sourcing of grant aid from non-commercial organisations.

### **2. Membership and volunteers**

To develop and implement plans and proposals for the recruitment and retention of members and volunteers who wish to support the work of the Trust either financially or with labour.

### **3. Asset Management**

To develop and implement plans and proposals for the management of the non-financial assets of the Swanage Railway Trust.

Primary Purpose – to manage the assets of the SRT especially:

- Items of rolling stock owned by or loaned to the SRT
- Museums
- Signalling equipment

Secondary Purpose – to advise the SRC:

- on items to be acquired
- on items to be loaned to the SRC
- by recommending items for possible disposal

### **4. Communication**

To develop and implement an internal communications strategy for Trust members, volunteers and staff and an external strategy relating to charitable objectives of The Swanage Railway Trust.

## 5. Museums & Education

To co-ordinate all activities relating to the Trust's museums, archives and educational activities as outlined in the SRT Memorandum of Association.

*Version 3*

*Mark Woolley, November 2010*

## **APPENDIX IX - Rolling Stock Approval Policy**

1. The General Manager (GM) shall have the sole authority to permit an item of rolling stock or motive power to be brought on to the SR if required for operational purposes and to enter into an appropriate running agreement. In selecting vehicles for such purposes, the GM shall have due regard for the heritage objectives of the Trust.
2. The GM shall automatically give permission for any item of rolling stock owned by the Trust to be brought on to the SR. In acquiring vehicles, or accepting donation of them, the Trust shall have due regard for space limitations on the SR and the requirement for vehicles to be kept in good condition.
3. Third party owned vehicles that are proposed to be brought to the SR but which are not required for operational purposes shall be considered by the CoM Asset Management Functional Group after which a recommendation may be made to the GM for approval. The GM's approval will depend on availability of space, current condition, proposed maintenance arrangements, potential use (if any) plus any other considerations.
4. The Assets Committee will be expected to reject vehicles that do not have heritage credentials.
5. Prior to delivery the rolling stock concerned shall be inspected by a suitably qualified or experienced person.
6. Any conflicts to be resolved between the Chairman and the GM. The Chairman to have the last word.

*Version 2*

*Approved on 25<sup>th</sup> November 2006*

## **APPENDIX X - Project Procedures And Summary Sheet**

1. **Definition of a Project.** A Project is simply a piece of agreed, organised and structured change to the way that we *normally* do business (“business as usual”)
2. **Components.** A project always consists of three basic parts
  - **Incepting** – defining the Project and obtaining the sanction to go ahead
  - **Doing** – agreeing the methods (including Safe Working assessment) and then performing the work to make the change happen
  - **Finishing** – completing the change and passing it over to the business as usual – including all documentation or operating instructions.
3. **Inception.** Before any work can start, the project must be sanctioned by the Board of Directors (for work affecting the Company = Operational Business) or the Council of Management (for work affecting the Trust sphere of influence – heritage restoration, fund-raising, membership etc)
4. A **submission** must be made in writing to the relevant Board and this should normally contain:
  - The reason for the proposed change and what benefits the change will make – financially, operationally or organisationally
  - How the change will be managed and by whom
  - What resources will be required with an assessment of the impact on other projects or the normal business (e.g. impact on staff being moved to this project from their normal role)
  - An assessment of the Risks. Of both, actually making the change (Project Risk) and not making the change (Lost Opportunity Risk)
  - The estimated costs of the project shown against the proposed benefits and whether the expenditure will be capital or revenue expenditure. If the project is expected to “pay back” the investment, over what period before the benefits become positive. Guidance should always be sought in advance from the Finance Director / Treasurer.
  - If the submission is agreed, the relevant Board will **sanction** the Project. The sanction will be formally minuted and publicised – as soon as possible - to all staff. The sanction will summarise the submission, name the **Project Manager** and the relevant Director on the Board (or CoM) who is charged with supervising the Project Manager (the **Project Director**). The Project Director will be accountable for making routine reports to his Board colleagues.
5. As soon after the sanction as possible, the Project Manager will call an **Inception Meeting** with the relevant Department Managers (**DM**’s) to describe how and why the project will be performed. The DM’s are responsible to the Project Manager (or direct to the Project Director in case of dispute with the Project Manager) for assessing the impacts of the change and how – in particular – it will impact their already scheduled work. The Inception Meeting must be minuted and the minutes circulated and agreed by all interested parties. This is the responsibility of the Project Manager and will form an Audit Trail that all parties concurred at the start.
6. The method of actual working will be agreed at the Inception Meeting and an outline **Risk Assessment** be discussed. The results must be minuted.
7. The work will be performed to the original agreed method of working (as amended by experience and results). The Project Manager is responsible for keeping the Project Director informed at all times (informally and formally as occasions demand). As the work nears completion the Project Manager will agree with the Business Head (probably a Departmental Manager) a target date for implementation and what documents might be needed to be handed over at that time.

8. Regular written reports of progress must be made in writing to the appropriate monthly Board Meeting. Such reports must ensure that summaries of costs incurred, progress against deadlines and any changes in assumptions are reported. Any decisions made by the Board will be factored into existing plans and be communicated as a piece of **Change Management** communication to all interested parties.
  
9. When the work is finished the piece of change must be formally handed over to the Business as Usual. Such hand over will ensure that the work is of an acceptable standard. Any procedural changes must be also handed over and agreed. The Manager responsible for the Business as Usual will sign an appropriate certificate formally dissolving the Project Structure and taking responsibility going forward. If the Business Head is not satisfied then the transfer cannot take place. Once hand-over happens the Project is finished and the Project structure may be dissolved. The Project Director should advise the relevant Board that the Project is now complete.
  
10. In some circumstances the relevant Board may demand a “**Post Implementation Review**”, where an independent person reviews whether the Project actually achieved what was originally sanctioned and what lessons should be drawn for the future. The Board may request as part of that process a written report for its consideration.

*Prepared by: K.R. Gooding, April 2004*

*Version 1*

*Adopted by SRT CoM on 29<sup>th</sup> May 2004*

Project Summary Sheet and Project Approval Procedure attached below.

Microsoft Word 97 -  
2003 Document

Version 2 dated 22<sup>nd</sup> August 2010

## **APPENDIX XI - Terms of Reference - Finance Review Committee (FRC)**

**Objectives :** The Finance Review Committee (FRC) is charged with:

- Providing an independent oversight of the draft financial accounting results of the Swanage Railway Trust and the Swanage Railway Company Limited.
- Making an informed assessment of the profitability and ‘going concern’ status of the Company and Trust.
- Carrying out detailed examination of elements of the Railway’s operation as felt appropriate. For example, the financial viability of train operating and special events.
- Evaluating the Trust’s and Company’s requirements for repairs\renewals and capital work projects. Consequently to make recommendations on the degree of required funding which could be drawn from Company trading revenue and which will need to be obtained from external sources, e.g. donations, grants or the purchase of shares.
- Considering the appropriateness and application of internal accounting policies.
- Audit expenditure of capital projects.

**Membership :** By appointment of the SRT Council of Management and SRC Board of Directors. FRC members will be drawn from suitably qualified or experienced volunteer members of the Swanage Railway Trust. Membership of the FRC will normally be limited to five people and a quorum at meetings will be three people. The FRC shall elect a Chairman from its number at its first meeting. Other Trust members who have expressed an interest in joining the FRC will be encouraged to assist with the work of the FRC. The Trust Treasurer and Company Finance Director shall not be a member of the FRC. The Committee shall invite members of the Trust\Company management, and in exceptional circumstances the external auditors, to attend its meetings as it sees fit. The FRC normal reporting line shall be via its Chairman to the SRT and SRC Chairman.

Appointments to the FRC will be refreshed every year at the first meeting of the CoM or Board after the AGM. The FRC may co-opt anyone they feel may add value to the process either permanently or for specific purposes. If members resign during the year then, the Board or the CoM may replace them.

**Methodology:** the Treasurer/Finance Director will provide the FRC with budgets and monthly reports and computer spread-sheets showing the financial results of both bodies. The FRC shall meet in order to discuss: -

- Trends year to date – against agreed budgets
- Comparisons with previous years
- Special Events results
- Any financial advice received from the external auditors
- Financial Controls in place or being considered.
- The schedule of capital projects together with details of whether the project is SRT or SRC funded, its sanctioned budget, cost to date, anticipated remaining cost and any associated funding implications.

**Special Requirements:** the Finance Review Committee, by majority opinion, may feel that a financial review of a specific area of the organisation might be required - for example, if results are considered to be disappointing or if there has been a significant overspend in a particular area. Such an audit will be conducted by any member(s) of the FRC so appointed and a report back must be made at the next Meeting of the FRC. In extreme cases, it may be that the external auditors are involved.

**Meetings:** The FRC shall meet at least once every quarter and as and when required and/or convened by the FRC Chairman. Written notes of the meeting shall be recorded and circulated to members of the FRC and the Chairman of the Trust and Company. Between meetings FRC members will receive electronic copies of the monthly financial spread-sheets and are obliged to comment amongst themselves – via e-mail or telephone. The Treasurer/Finance Director is obliged to comment on the results of any meeting of the FRC in his/her next regular report to either Board. At such meetings the other members are free to make any relevant comment to their CoM\Board colleagues when that regular report is tabled.

*Final*

*Version 2.0*

*17th March 2012*

*Mark Woolley*

## **APPENDIX XII - Staff Benefits Policy**

### **Purpose**

The purpose of this policy is to outline the benefits that will be provided to staff employed on Swanage Railway. This policy is subject to change or withdrawal at any time and the benefits listed do not form part of any employee's contract of employment.

### **Scope**

This policy applies to all staff working on SRCL but does not include the separate benefits that are provided by being a member of the Swanage Railway Trust (SRT)

### **Policy requirements**

The following benefits will be routinely offered to staff whilst on duty:

- Free tea, coffee, hot chocolate and squash from the Birds Nest at Swanage or the Norden Nest at Norden.
- A 35% discount off all food products from the Birds Nest at Swanage or the Norden Nest at Norden.
- Free tea, coffee, hot chocolate and squash from the On-train buffet for train crew.
- In signal boxes, where there is no reasonable access to the above facilities, materials will be provided for staff to make their own drinks.
- A free meal for the driver, fireman, guard and signalmen operating a Wessex Belle evening dining train (supplies permitting). When operating a Travelling Tavern or private charter a free meal may be provided if there is enough remaining having provided for all paying passengers. Any staff other than those mentioned above may arrange separately for a meal at a reduced price by contacting the On-train Dining Manager in advance.
- Free travel to holders of a Working Members or Safety Critical Pass.

The following benefits will be available to staff whilst not on duty:

- Reciprocal travel arrangements on other railways as publicised from time to time.
- Eligibility for a HRA InterRail pass providing free or reduced travel on a wide range of other heritage railways subject to the HRA charge.
- Eligibility for an ATOC pass (for permanent, full time staff) subject to ATOC conditions.

In addition the following benefit will be available to Departmental Managers when organising an annual dinner:

- A £15 contribution per person to be deducted from the cost of any On-train Dining product to a maximum of 2 tickets per member of staff attending, once a year. This discount should be against the standard price for the service being provided.

### **Responsibilities**

Managers and supervisors are responsible for ensuring that this policy is implemented in a fair way to all relevant staff.

The Directors are responsible for ensuring the benefits provided are recognised by making a payment from a central budget to the department providing the benefit.

*April 2005*

## **APPENDIX XIII – SRT Memorial Policy**

- A memorial book will be established and will be located at Corfe Castle Station Museum. This will contain details of volunteers, members and Railway supporters from the inception of the Railway. A uniform style will be adopted that will include details of: name, age, residence, Railway department or role, date of joining and date of demise.
- In due course the memorial book will be displayed in an appropriate and secure manner in line with those to be found in formal places of worship or remembrance.
- To supplement the memorial book whilst it is under development, written details will be also be maintained separately by the Trust in a database. Details for entry in this will be sought from users of the Trust's website and the readership of Swanage Railway Magazine.
- Scattering of ashes may continue to take place and will be dealt with on an individual basis, normally taking the form of being added to the fire of a steam locomotive. Such requests should be made through the General Manager, appropriate Railway manager or Trust director. If a request is made to scatter ashes line-side this will only be authorised following written agreement by the appropriate Railway manager or director. Exact locations will not be noted and future visits to these sites will not be permitted. This practice will generally only be permissible in more remote areas of the Railway. A record of dates of all scatterings will be maintained centrally.
- Currently placed Memorial benches on Railway property bearing small plaques will remain in situ within the guidelines below however a moratorium is now in place with regard to any new benches. This will be reviewed at regularly periods. When lifted permitted benches will only be accepted on the previous conditions: that the bench is placed at a location agreed by the Railway, that the donor agrees to cover the full cost of the bench, that the design and construction of the bench is in accordance with the Railway's policy, that the plaque will only be used for the life span of the bench itself; after that time the plaque will be moved to an appropriate position within the Railway confines unless removed beforehand by the donor or requested returned to them.
- Other Memorials such as buildings, gardens, etc. may be considered by the Council of Management following a written request to it but will be looked at in the wider picture of the operation of a heritage steam railway as a community railway, tourist attraction and work place. Similarly a request to name a building or other property on the Railway in recognition of a person will require the same formal approach. The Council of Management reserves the right to instigate any of these types of memorial itself on behalf of the Railway as a whole.
- Any written application should give clear detail of why the memorial is thought appropriate and give full details of the individual(s) to be commemorated. Agreement will not automatically be given and the written approach must be made before any action is undertaken. In certain circumstances discussion will take place both at Trust and Company levels.
- An annual mark of remembrance in addition to a minute's silence at the commencement of the Annual General Meeting will be considered for implementation in due course.

Liz Sellen  
Membership Secretary  
The Swanage Railway Trust  
November 2009

Version 2

## **APPENDIX XIV – PROCEDURE FOR THE ELECTION OF THE CHAIRMAN OF THE TRUST**

1. Whenever a vacancy for Chairman of the Trust CoM occurs or, routinely at the first meeting of the CoM after the AGM, the outgoing Chairman (even if seeking re-election) shall relinquish the chair.
2. An Acting Chairman, providing he/she is not a candidate, shall be elected by the CoM members present to conduct the election and on taking the chair shall call for nominations.
3. In the event of only one candidate being proposed, the Acting Chairman shall repeat a call for any further nominations. There being none, the Acting Chairman shall declare the candidate duly elected and relinquish the chair.
4. If there are two or more candidates properly proposed and seconded, the Acting Chairman shall ask each in turn if they wish to make a short statement. After each candidate has spoken, the Acting Chairman shall ask Council members if they have any questions for any of the candidates in open session.
5. On conclusion of questions, the Acting Chairman shall ask if members wish to discuss the candidates in their absence. If there is a simple majority in favour of such a discussion, the candidates shall withdraw from the meeting.
6. On conclusion of the discussion, the candidates shall return and a secret ballot held, two tellers being appointed from those not seeking election. On completion of the ballot, the Acting Chairman shall declare the result.
7. Where more than two persons have been nominated and seconded for Chairman and of the votes given there is not an absolute majority in favour of one person, then the person with the least number of votes shall be excluded and a further secret ballot held until a majority of votes are given to one person; if necessary, the process being repeated. The Chairman, so elected, shall then assume the chair.
8. In the event of a tied vote, if no candidate withdraws, a re-ballot shall be held.
9. In the event of there still being a tie, a chairman for that meeting only, shall be elected to enable other business on the agenda for that meeting to be completed, and the election of Chairman shall be held over until the next CoM meeting, when the above procedure shall again be followed.

MAS/SRT/Final 11/08

Approved by SRT CoM 1st November 2008

## **APPENDIX XV – ROLES AND RESPONSIBILITIES OF SRT COM OBSERVER TO SRC BOARD MEETINGS**

This policy defines the role and responsibilities of the Trust's observer to the Swanage Railway Company (SRC) board meetings.

1. The Trust Council at its ordinary meetings shall nominate one of its' number who shall not be a Director of the SRC to attend such meetings of the board as may take place prior to the next ordinary meeting of the Council in the role of observer.
2. The observer shall at all times place the best interest of the Trust ahead of all others.
3. The observer shall be responsible and accountable to the Council.
4. The observer shall not participate in the discussions of the board unless invited to do so by the Chairman. The observer may however indicate a desire to represent a Trust interest by indicating to the Chairman. Such interests are as defined in the Trust's constitutional documents, including inter alia its policies, the expectations of the membership, heritage assets and the strategic direction and development of the Swanage Railway Project.
5. The observer shall contribute to the report on Company business delivered to the Trust Council and ensure that all matters relevant to the interests of the Trust are duly reported.
6. The observer shall be bound by board rules of confidentiality provided that these relate to matters of concern for the SRC Board alone are do not compromise the interests of the Trust or the Council .

## **APPENDIX XVI – STATEMENT OF PRINCIPLES CONCERNING FUTURE WAREHAM – SWANAGE TRAIN SERVICES.**

### **Statement of Principles Covering The Context Of Future Negotiations For The Provision Of Infrastructure Services By Swanage Railway Company Limited To The Purbeck Rail Partnership And All Train Operating Companies Running Services On Swanage Railway Infrastructure**

**Issue No. 6 dated 1<sup>st</sup> August 2009.**

1. Swanage Railway (SR) needs at all times to be in a position whereby, whatever franchised or other Train Operating Company (TOC) services are operated on the Swanage Branch, or whatever physical changes are made to infrastructure or property, it can continue to function as a heritage steam/diesel railway operating under a Light Railway Order, with a similar level and pattern of service to that which exists prior to the commencement of PRP services.
2. SR needs at all times to be in a position whereby, whatever franchised or other TOC services are operated on the Swanage Branch, it is financially no worse off than it would have been in both revenue and capital terms, within each successive year, had TOC services not been contracted or run within that year.
3. SR needs to be in a position whereby, on cessation of franchised or other TOC services along the Swanage Branch whenever that may occur, its own operations can continue, and there would be no financial penalty arising therefrom.
4. The length of track bed between Swanage and Motala, owned by Dorset County Council and Swanage Town Council and leased by SR, is to remain outside Network Rail ownership. Guarantees of access will be given by SR on a matching basis with any access agreement involving Network Rail track leading to the Swanage branch, subject to agreement on terms and conditions in such access agreement, which are to be in accordance with this Statement of Principles.
5. SR train services are not to be incorporated into the rail franchising process. The continuity of non-SR train services is to be guaranteed by the Franchise Agreement of the TOC's concerned or other appropriate legal framework covering an agreed number of paths.
6. SR and Network Rail will need to reach prior agreement on all interface issues to produce a safe and seamless infrastructure between Swanage and Wareham.
7. In order to accommodate additional services on the branch and specifically in the bay platform at Swanage, the SR needs to be successful in its plans to acquire suitable locations for the provision of alternative berthing, storage and maintenance of heritage rolling stock at Furzebrook or elsewhere and for its catering facilities at Swanage.

## **APPENDIX XVII – EXTERNAL MEDIA MANAGEMENT POLICY**

### **Objective**

The Swanage Railway engages with the media in two ways. Firstly, it does so proactively in order to promote the interests of the project. Secondly, it does so reactively in response to media requests for information which could range from minor matters of interest to enthusiasts to coverage of a major incident or accident of national interest.

### **Procedure**

#### 1. Proactive

Proactive engagement with the media is undertaken for our benefit and, as long as it is correctly managed, is controlled by us. However, it should be remembered that once news is released, we lose an element of control over what is actually used and where it appears. It is therefore essential that material issued is legal, decent, honest and truthful. Furthermore, we should avoid proactive discussion of subjects that could expose the railway to a negative or counter-productive reaction, including questions on subjects that it might not be in our interests to answer.

##### a) News releases

The Press Officer will have primary responsibility for drafting and distributing news releases. News releases will only be prepared on the instructions of a) the Chairman of the Swanage Railway Trust, b) the Deputy Chairman of the Swanage Railway Trust, c) the Chairman of the Swanage Railway Company Ltd, d) the General Manager of the Swanage Railway Company Ltd or e) the Commercial Manager of the Swanage Railway Company Ltd. Requests received by the Press Officer from other sources will be redirected to one of the above by the Press Officer according to the nature of the release and in the event of doubt, to the Chairman of the Trust. A news release may be agreed and authorised by a meeting of the Swanage Railway Trust Council of Management or Swanage Railway Company Board of Directors as required.

A request for a news release shall be accompanied where possible by written briefing notes confirming the key points to be covered. The request shall also indicate when it is required for release and any other relevant information, such as accompanying material (i.e. photographs), intended audience, media distribution, other persons to be contacted etc.

A request for a news release may be made verbally, but must be followed up by an email to ensure that the requirement and the timescales are clear.

Once a request for a news release has been received by the Press Officer in accordance with the above, it will be prepared. When ready, a draft will be submitted to the person who requested it and to the Chairman of the Swanage Railway Trust and the Chairman of the Swanage Railway Company Ltd. The draft should be available 48 hours prior to required release, unless otherwise agreed, to provide adequate time for review. The release can be issued when the content has been finalised with the person concerned and approved by either the Chairman of the Trust or the Chairman of the Company, as appropriate.

In the event that the Press Officer is unavailable or cannot meet the required timescales, responsibility for drafting and distributing urgent news releases shall pass the Commercial Manager who shall follow the above process.

All photographs used must be credited. All quotes used must be cleared with the person concerned, preferably by exchange of email.

##### b) Other proactive contact with the media

The Railway can secure valuable free publicity by engaging with the media on an informal basis to make them aware of developments, typically on minor matters where a news release is not appropriate. This is particularly true of the heritage railway press, who welcome monthly verbal updates on technical matters, locomotive movements, special workings and other similar matters. However, while valuable, such contacts need to be managed and controlled to ensure that information released is appropriate and correct. Proactive engagement with the media on this basis shall be limited to the Chairman of the Trust, the Deputy Chairman of the Trust, the Chairman of the Swanage Railway Company Ltd, the General Manager and the Commercial Manager. Should any other party wish to engage with the media, approval to do so must be sought from the Chairman of the Trust, the Chairman of the Company or the General Manager.

Articles about the Swanage Railway for external publication written by railway staff must be cleared by the Chairman of the Trust, the Deputy Chairman of the Trust or the Chairman of the Company prior to submission. For the avoidance of doubt, this does not include material submitted to the Editor of Swanage Railway Magazine.

#### 2. Reactive

Reactive engagement with the media is very different to proactive engagement. Firstly, the timing and subject matter of an approach will not be of our choice and as such we may be ill-prepared for it or, even if we are prepared, we may not welcome the approach. Such engagement is not necessarily in the interests of the Swanage Railway. However we may have little choice but to respond if we are to avoid negative sentiment by inference alone. This caution is not to suggest that all approaches from the media are unwelcome or hostile, but rather to ensure that the differences required in handling are understood.

All approaches from the media should be passed to either the Chairman of the Swanage Railway Trust, the Deputy Chairman of the Swanage Railway Trust, the Chairman of the Swanage Railway Company, the General Manager or the Commercial Manager, depending on the nature of the enquiry, for them to manage. Staff should decline to make any comment if approached by the media or by persons unknown to them and instead just take the caller's contact details and the nature of their enquiry and say that the appropriate person as above will call them back. They must then report the approach immediately, especially if the nature of the enquiry is in any way contentious or hostile to the interests of the Railway. Even 'no comment' must be avoided as this is still regarded by the media as a response and one that is viewed as evasive.

In the event of a serious incident or accident, the General Manager or in his absence the Responsible Officer shall deal with media enquiries until such time as either the Chairman of the Company, the Chairman of the Trust or other Company Director (in that order) as may be available on site to take charge of media handling. The Responsible Officer must notify all the above together with the Press Officer as soon as possible in such circumstances in order that they may be anticipate such media contact.
